- Abstracts must be submitted online via the CORA 2025

submission portal only (URL provided during the submission period). **Abstracts submitted by email will not be considered.**

- Presentation Type: Abstracts will be considered for **oral presentation/poster discussion/poster viewing walk**. The Scientific Committee will determine whether the abstract will be accepted for presentation, with consideration given to the author's preference.
- Abstracts must be received by the announced deadline. Abstracts received after the deadline will not be considered.
- The presenting author is required to ensure that all co-authors are aware of the content of the abstract and agree to its submission, before submitting the abstract.
- Presenting authors must be registered participants. Only accepted abstracts of **presenting authors who have paid their registration fees** by the announced presenters' registration deadlines based on the submission type (regular or late-breaking) will be scheduled for presentation and included into the program.
- Abstracts must be submitted in English. All abstracts should be submitted and presented in clear English with accurate grammar and spelling of a quality suitable for publication. If you need help, please arrange for the review of your abstract by a colleague who is a native English speaker, by a university specific publications office (or other similar facility) or by a copy editor, prior to submission. Authors are advised to use either American English or British English spelling but not a mix of both.
- Abstracts must be original and include the most up-to-date data as of the time of submission.
- Submission of an abstract acknowledges your acceptance for the abstract to be published in the official Congress proceedings. All accepted abstracts of presenting authors who have completed their

registrations by the announced deadlines for presenters will be published via the CORA 2025 website 2 weeks prior to the Congress. In case of any changes to the planned date, updated information will be posted here.

- Disclosure of Conflicts of Interest: At the time of submission, the submitting author will be requested to provide a brief conflict of interest statement on behalf of all co-authors. If the abstract is selected for oral presentation, the presenting author will be contacted additionally to complete a mandatory detailed Conflict of Interest Disclosure form.
