Abstract Tips

What makes a good abstract?

The 8th International Congress on Controversies in Rheumatology & Autoimmunity (CORA 2025) warmly invites researchers to present their work. Taking place in the beautiful city of Venice, Italy, from 6-8 March 2025, this congress offers a prestigious platform to showcase your research to a global audience of experts and peers.

Essential Tips for Crafting Your Abstract

1. Clear and Concise Writing

Ensure your abstract is easy to understand and to the point. Aim to convey your key messages succinctly.

2. Compelling Title

Create a title that grabs attention and accurately reflects the essence of your research. It should be intriguing and informative, drawing readers to your abstract.

3. Structured Format

Organize your abstract into clear sections: introduction, objectives, methods, results, conclusion.

4. Emphasize Novelty

Highlight what makes your research unique. Explain how your findings contribute new knowledge or insights to the field of rheumatology and autoimmunity.

5. Specific and Detailed

Include specific details to give a clear picture of your

study. Ensure your results are supported by data.

6. Relevance to the Field

Ensure your research is relevant to the themes of CORA 2025. Discuss how your work addresses current controversies or advancements in rheumatology and autoimmunity.

7. Adhere to Guidelines

Follow the abstract submission guidelines, including word count, formatting, and deadlines.

8. Engaging Introduction

Start with an engaging introduction that captures interest. Clearly state the problem your research addresses and its significance.

9. Effective Results Presentation

Present your results clearly and effectively. Use tables, figures, and concise descriptions to make your findings easily interpretable.

10. Proofread and Edit

Carefully proofread your abstract for errors and clarity. Ensure that your writing is polished and professional. Consider seeking feedback from colleagues to refine your abstract further.[Submit an AbstractAbstract Topics](#)
