

Italian Regulations – AIFA Registration

IMPORTANT NOTE – ITALIAN REGULATIONS

Any Pharmaceutical Company (with drug products, not devices) participating as sponsors or exhibitors **MUST** present a request of participation at the Italian Ministry of Health Agency (AIFA) when the congress is held in Italy; otherwise, they will not be able to sponsor/exhibit at the event.

The request at the Ministry of Health **MUST** be completed no later than **70 days prior to the Congress**.

In order to apply, the company needs to obtain a SIS code. Should the company not have one, the process of getting the code takes additional 25-30 days. Please take this into consideration when starting your application process.

This request of participation process will take place through a local agency acting as provider and point of coordination for every pharmaceutical company taking part to the congress

PLEASE NOTE: Kenes International is not involved in this procedure. It is the pharmaceutical companies' sole responsibility to adhere to the above regulations directly via the local agent.

Further details are available from AIFA
