

# Scientific Program

Join us for the **8th International Congress on Controversies in Rheumatology & Autoimmunity** for an unparalleled scientific and educational experience. CORA 2025 will bring together world-renowned experts, groundbreaking research, and innovative industry insights in a program designed to spark discussion, inspire, and educate.

*\*Please note: The CORA 2025 program is preliminary and subject to change. Continue to check back for program updates.* [Program at a Glance](#)[Interactive Program](#)

## Explore the Program

The Congress will offer a varied selection of session types and other activities, addressing the diverse interests and needs of attendees.

### Scientific Sessions

Explore the latest advancements through a series of expert-led scientific lectures. Delivered by leaders in the field, these presentations will cover new discoveries, methodologies, and future directions in rheumatology and autoimmunity, helping you stay at the forefront of the specialty.

### Oral Presentations

Hear directly from researchers presenting their latest findings. These oral presentations offer a deep dive into innovative research across a variety of themes, sparking

dialogue and inspiration among attendees.

## **Poster Presentations**

Engage with cutting-edge research at our poster sessions, where researchers showcase findings in a dynamic and interactive format. Dive into topics across the spectrum of rheumatology and autoimmunity, discover fresh perspectives, and meet the minds behind the research.

## **Industry Sessions**

Stay up-to-date with the latest in industry trends and technologies through dedicated sessions hosted by leading companies. From new therapeutic tools to treatment strategies, these sessions are designed to provide insights into the next wave of innovations in rheumatology care.

## **Networking at CORA 2025**

Strengthen your professional connections and create new ones at CORA 2025's vibrant networking opportunities. Each gathering provides a unique opportunity to meet fellow attendees, exchange ideas, and forge collaborations.

- **Opening Ceremony:** Kick off CORA 2025 with our opening ceremony, a perfect opportunity to meet colleagues and hear the latest updates.
- **Welcome Reception:** Join us in celebrating the start of the Congress with a welcome reception. Enjoy engaging conversations with attendees from around the globe.
- **Awards Ceremony:** Celebrate excellence in rheumatology and autoimmunity with awards honoring significant contributions and outstanding research achievements.
